About PMP®

The Project Management Professional (PMP)® designation distinguishes as one of the leading Project Management qualifications in the Middle East.

The Project Management Professional (PMP)® is the world's leading project management certification. It supercharges careers for project leaders across industries and helps organizations find the people they need to work smarter and perform better.

It is offered by Project Management Institute (PMI), the world's leading project management organization with over 1,036,367 active certified members.

Why is PMP the right choice for you?

The PMP enhance increases on job productivity. As part of the PMP certification, participants learn a set of tools they can utilise in building well organised projects, improving efficiency and productivity.

The PMP improves your earning potential. The PMP certification holders earn 20% more than their non-certified peers

The PMP enhances your career prospects. The PMP certification is considered the gold standard in project management and is a preferred qualification for employers. Earning this certification also gives participants candidates an edge who may lack the relevant experience in a role but want to make a career switch.

The PMP adds you to a wide network. With 100,000+ certified managers globally, PMP members have access to a global network of professionals from different industries, locations and professional backgrounds.

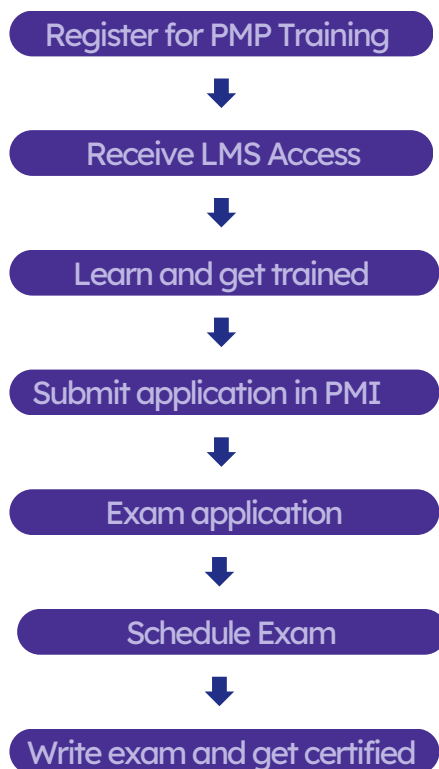

About PMI

PMI is the world's leading association for those who consider project, programme, or portfolio management their profession. Through global advocacy, collaboration, education, and research, they work to prepare more than three million professionals around the world for The Project Economy. They work in nearly every country around the world to advance careers, improve organisational success, and further mature the project management profession through globally-recognized standards, certifications, communities, resources, tools, academic research, publications, professional development courses, and networking opportunities.

Getting qualified

PMP certified project managers speak and understand the global language of project management. PMP holders are found leading projects in nearly every country, across industries, domains and job roles and are committed to providing the highest quality in delivery.
