ASP and CSP Course

A Step Into

@assureeducations

The Safety Professional

@assureeducations

CSP Program Overview

The Certified Safety Professional (CSP) program is a globally recognized certification offered by the Board of Certified Safety Professionals (BCSP). It is designed for professionals who work in the field of occupational health and safety (OSH) and demonstrate a high level of knowledge, skills, and expertise in this area.

This course is suitable for Safety Managers, Directors, Engineer, Officers and all Health and safety professionals who want to develop their careers (must meet the eligibility requirements from BCSP).

BCSP certifications are recognized as “Gold Standard” safety certifications around the world, protecting and developing workers, assisting in the development of international safety, health, and environmental (SH&E) standards, and contributing to the international advancement of the safety profession.

Educational and Experience Requirements

This course is suitable for Safety Managers, Directors, Engineer, Officers, and all Health and safety professionals who want to develop their career (must meet the eligibility requirements from BCSP).

Educational and Experience Requirements for **ASP**:

- Will have a minimum of a bachelor's degree*,
- Will have One (1) year of safety experience where safety is at least 50%, preventative, professional level with breadth and depth of safety duties,

Educational and Experience Requirements for **CSP**:

- Will have a minimum of a bachelor's degree*
- Will have four (4) years of safety experience where safety is at least 50%, preventative, professional level with breadth and depth of safety duties
- will have a BCSP Qualified Credential.

Application Process

Applicants have the flexibility to apply for certification at any moment by accessing the My Profile portal located in the right-hand corner of webpage on the BCSP.ORG website.

Step to follow:

- Candidates need to complete an application form, providing their education and work experience details.
- BCSP reviews the application for eligibility and competencies.
- If the application is approved, candidates receive an eligibility notice, which allows them to register for the CSP exam.

Application Fees: \$160

Exam Fees: \$350

Once your application has been approved, you can schedule your exam at your convenience. You will receive an authorization code by email which you can then use to schedule your exam at Pearson VUE test centers.

What is Pearson Vue Center?

Pearson VUE is a global testing company that provides examination services for various professional certifications, including the Certified Safety Professional (CSP) program. Pearson VUE operates a network of authorized test centers worldwide where individuals can take their certification exams. A Pearson VUE test center is a physical location equipped with the necessary infrastructure and resources to administer computer-based exams. These test centers offer a controlled and secure environment for test takers to complete their certification assessments.

What makes Pearson Vue Test Center more advantageous?

When registering for the CSP exam, candidates can choose a preferred Pearson VUE test center from the available options based on their convenience and proximity. Pearson VUE has an extensive network of test centers globally, making it convenient for candidates to find a location suitable for their needs. Pearson VUE is a reputable and well-established global testing company that is widely recognized for its secure and reliable examination services which maintains security and standardization. Pearson VUE has a solid track record of delivering secure and credible exams, and its test centers are widely regarded as reliable venues for certification assessments.

ASSURE EDUCATIONS

ASP/ CSP Exam:

- **Format:** The CSP and ASP examination contains 200 multiple-choice items with four (4) possible answers and only one (1) correct answer. Examinations are closed book, and accessing external reference materials during your examination is not permitted. For use during the examination, the testing center will provide you with materials for working out calculations by hand.

@assureeducations
