About RMP®

The Risk Management Professional (RMP)® designation distinguishes as one of the leading Project Management qualifications in the Middle East.

The Risk Management Professional (RMP)® risks present challenges that can result in delays, expense, missed objectives, and even project failure. However, managing risks well can offer a competitive advantage and even opportunities.

It is offered by Project Management Institute (PMI), the world's leading organization with over 1,036,367 active certified members.

Why is RMP the right choice for you?

 The RMP enhance increases on job productivity. As part of the RMP certification, participants learn a set of tools they can utilise in building well-organised projects, improving efficiency and productivity.

 The RMP improves your earning potential. The RMP certification holders earn 20% more than their non-certified peers

 The RMP enhances your career prospects. The RMP certification is considered the gold standard in Risk management and is a preferred qualification for employers. Earning this certification also gives participants candidates an edge who may lack the relevant experience in a role but want to make a career switch.

 The RMP adds you to a wide network. With 100,000+ certified managers globally, RMP members have access to a global network of professionals from different industries, locations and professional backgrounds.

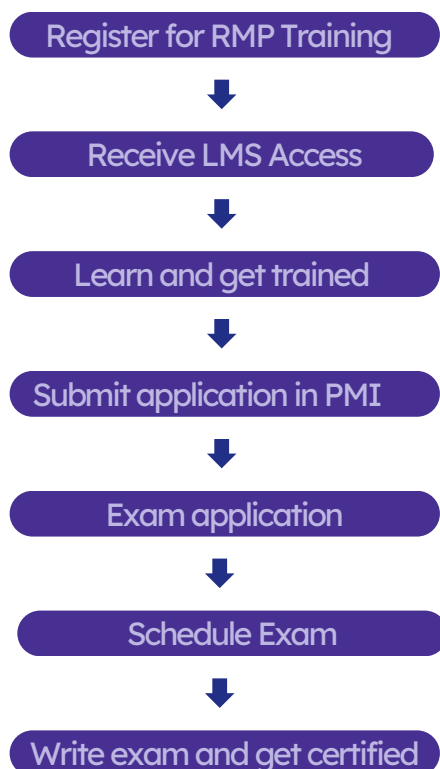

About PMI

PMI is the world's leading association for those who consider project, programme, or portfolio management their profession. Through global advocacy, collaboration, education, and research, they work to prepare more than three million professionals around the world for The Project Economy. They work in nearly every country around the world to advance careers, improve organisational success, and further mature the project management profession through globally-recognized standards, certifications, communities, resources, tools, academic research, publications, professional development courses, and networking opportunities.

Getting qualified

RMP certified project managers speak and understand the global language of Risk management. RMP holders are found leading projects in nearly every country, across industries, domains and job roles and are committed to providing the highest quality in delivery.

Certification Path
